LIST OF TABLES

1. Comparative Matrix of Related Systems 6
2. Hardware Requirements 20
3. Software Requirements 26
4. Connectivity Requirements 27
5. Ranges and its Description 29
6. TDS Sensor Ranges and Descriptions 30
7. Turbidity Sensor Ranges and Descriptions 31
8. pH Sensor Ranges and Descriptions 31
9. Formula for Recommending Water Treatments 34
10. Health Risk Evaluation System 37
11. Compatible Browsers and their Versions 38
12. Interfacing Activity Diagram 48
13. Water Quality Analysis Activity Diagram 51
14. Data Visualization Activity Diagram 54
15. Hydrology Resources Activity Diagram 57
16. Summary of Features, Attributes, and Results in Software Quality Model 77
17. Validation Testing Results Interpretation in Software Quality Model 78
18. Summary of the Product and Characteristic of the Hardware Quality Model 79

19. Validation Testing Results Interpretation in Software Quality Model 80

20. Survey Result Interpretation 105

21. Summary of Survey Results.....106
